Subject: **Final License Application for Original License**  
**Gile Flowage Storage Reservoir Project (FERC No. 15055-000)**

Dear Secretary Bose:

Northern States Power Company, a Wisconsin corporation (NSPW or Applicant), is the owner and operator of the Gile Flowage Storage Reservoir Project (Gile or Project) (FERC No. 15055). The Project is located on the West Fork of the Montreal River in the Towns of Pence and Carey in Iron County, Wisconsin.

In accordance with 18 CFR 5.16(c), NSPW hereby submits the Final License Application for the Gile Flowage Storage Reservoir Project. The Applicant has prepared this FLA to conform to the requirements of the Commission's regulations at 18 CFR §§ 5.17, 5.18, and 4.61 as applicable under the Integrated Licensing Process (ILP). The Commission directed NSPW to use the ILP via their January 19, 2021 letter.

Pursuant to 18 CFR § 5.17, and by copy of this letter (via US certified mail and/or email with return receipt requested), the Applicant is providing a link to the Project's relicensing website at <http://hydrorelicensing.com/>. From this website, an electronic copy of the public portions of the FLA may be downloaded for review by relevant resource agencies, tribes, non-governmental organizations, and other potential interested parties included in the attached distribution list. Should stakeholders experience difficulty downloading the document or prefer to receive an electronic version on a USB drive via US mail, they may contact Matthew Miller at 715-737-1353 or [matthew.j.miller@xcelenergy.com](mailto:matthew.j.miller@xcelenergy.com).

It should be noted that there are three documents hereby filed separately with the Commission that are unavailable to the public. Those three documents include:

- Exhibit F drawings. These drawings contain Critical Energy Infrastructure Information (CEII). Therefore, NSPW has filed these documents as CEII with the Commission and designated them as such.
- Appendix E-18. This appendix contains privileged locational information regarding threatened and endangered species. As such, NSPW has filed this document with the Commission as privileged information.
- Appendix E-21. This appendix contains privileged locational information regarding threatened and endangered species. As such, NSPW has filed this document with the Commission as privileged information.
