### **1. Saxon Falls Hydroelectric Project – Project Boundary Map**

**SURVEYOR'S STATEMENT**

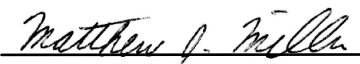

I HEREBY STATE THE PROJECT BOUNDARY DELINEATION FOR THE SAXON FALLS HYDROELECTRIC PROJECT AS SHOWN ON THIS EXHIBIT "G" MAP IS DEVELOPED WITHIN REASONABLE MAPPING ACCURACIES AS REQUIRED IN 18CFR4.41. THE DOCUMENTED SAXON FALLS PROJECT BOUNDARY LINE WAS ADJUSTED OR ROTATED TO BEST FIT WITH GEOSPATIAL DATA OBTAINED FROM WISCONSIN AND MICHIGAN ON-LINE DATA SOURCES AND WAS NOT FIELD SURVEYED.

**LICENSEE STATEMENT**

I have reviewed the Saxon Falls Hydroelectric Project boundary shown herein. The licensee either owns in fee simple or possesses flowage easements over all lands shown on this map that are inside the project boundary. The project boundary lines that are not contour lines were based on GIS parcel information provided by the Wisconsin Statewide Parcel Database and Public Land Survey System (PLSS) information provided by the Wisconsin Department of Natural Resources GIS Open Data Portal or PLSS information provided by the Michigan GIS Open Data Portal and online parcel mapping from Gogebic County, Michigan.

**Map Note:**

Metes and bounds project boundary description is based on GIS information. When the project boundary description references a specific corner, that reference shall govern over bearing and distance references in case of conflict.

Unless specifically noted otherwise, Wisconsin section lines and 40-lines, and roads are from the Wisconsin Department of Natural Resources and parcel boundaries are from the Wisconsin Statewide Parcel Database. Michigan section lines and 40-lines, and roads are from the Michigan GIS Open Data portal. Parcel boundaries were best fit using the Gogebic County, Michigan parcel mapping site. Contour lines generated from LIDAR are from 2015 Wisconsin Regional Orthoimagery Consortium (WROC). These items have not been surveyed by Mead & Hunt, Inc.

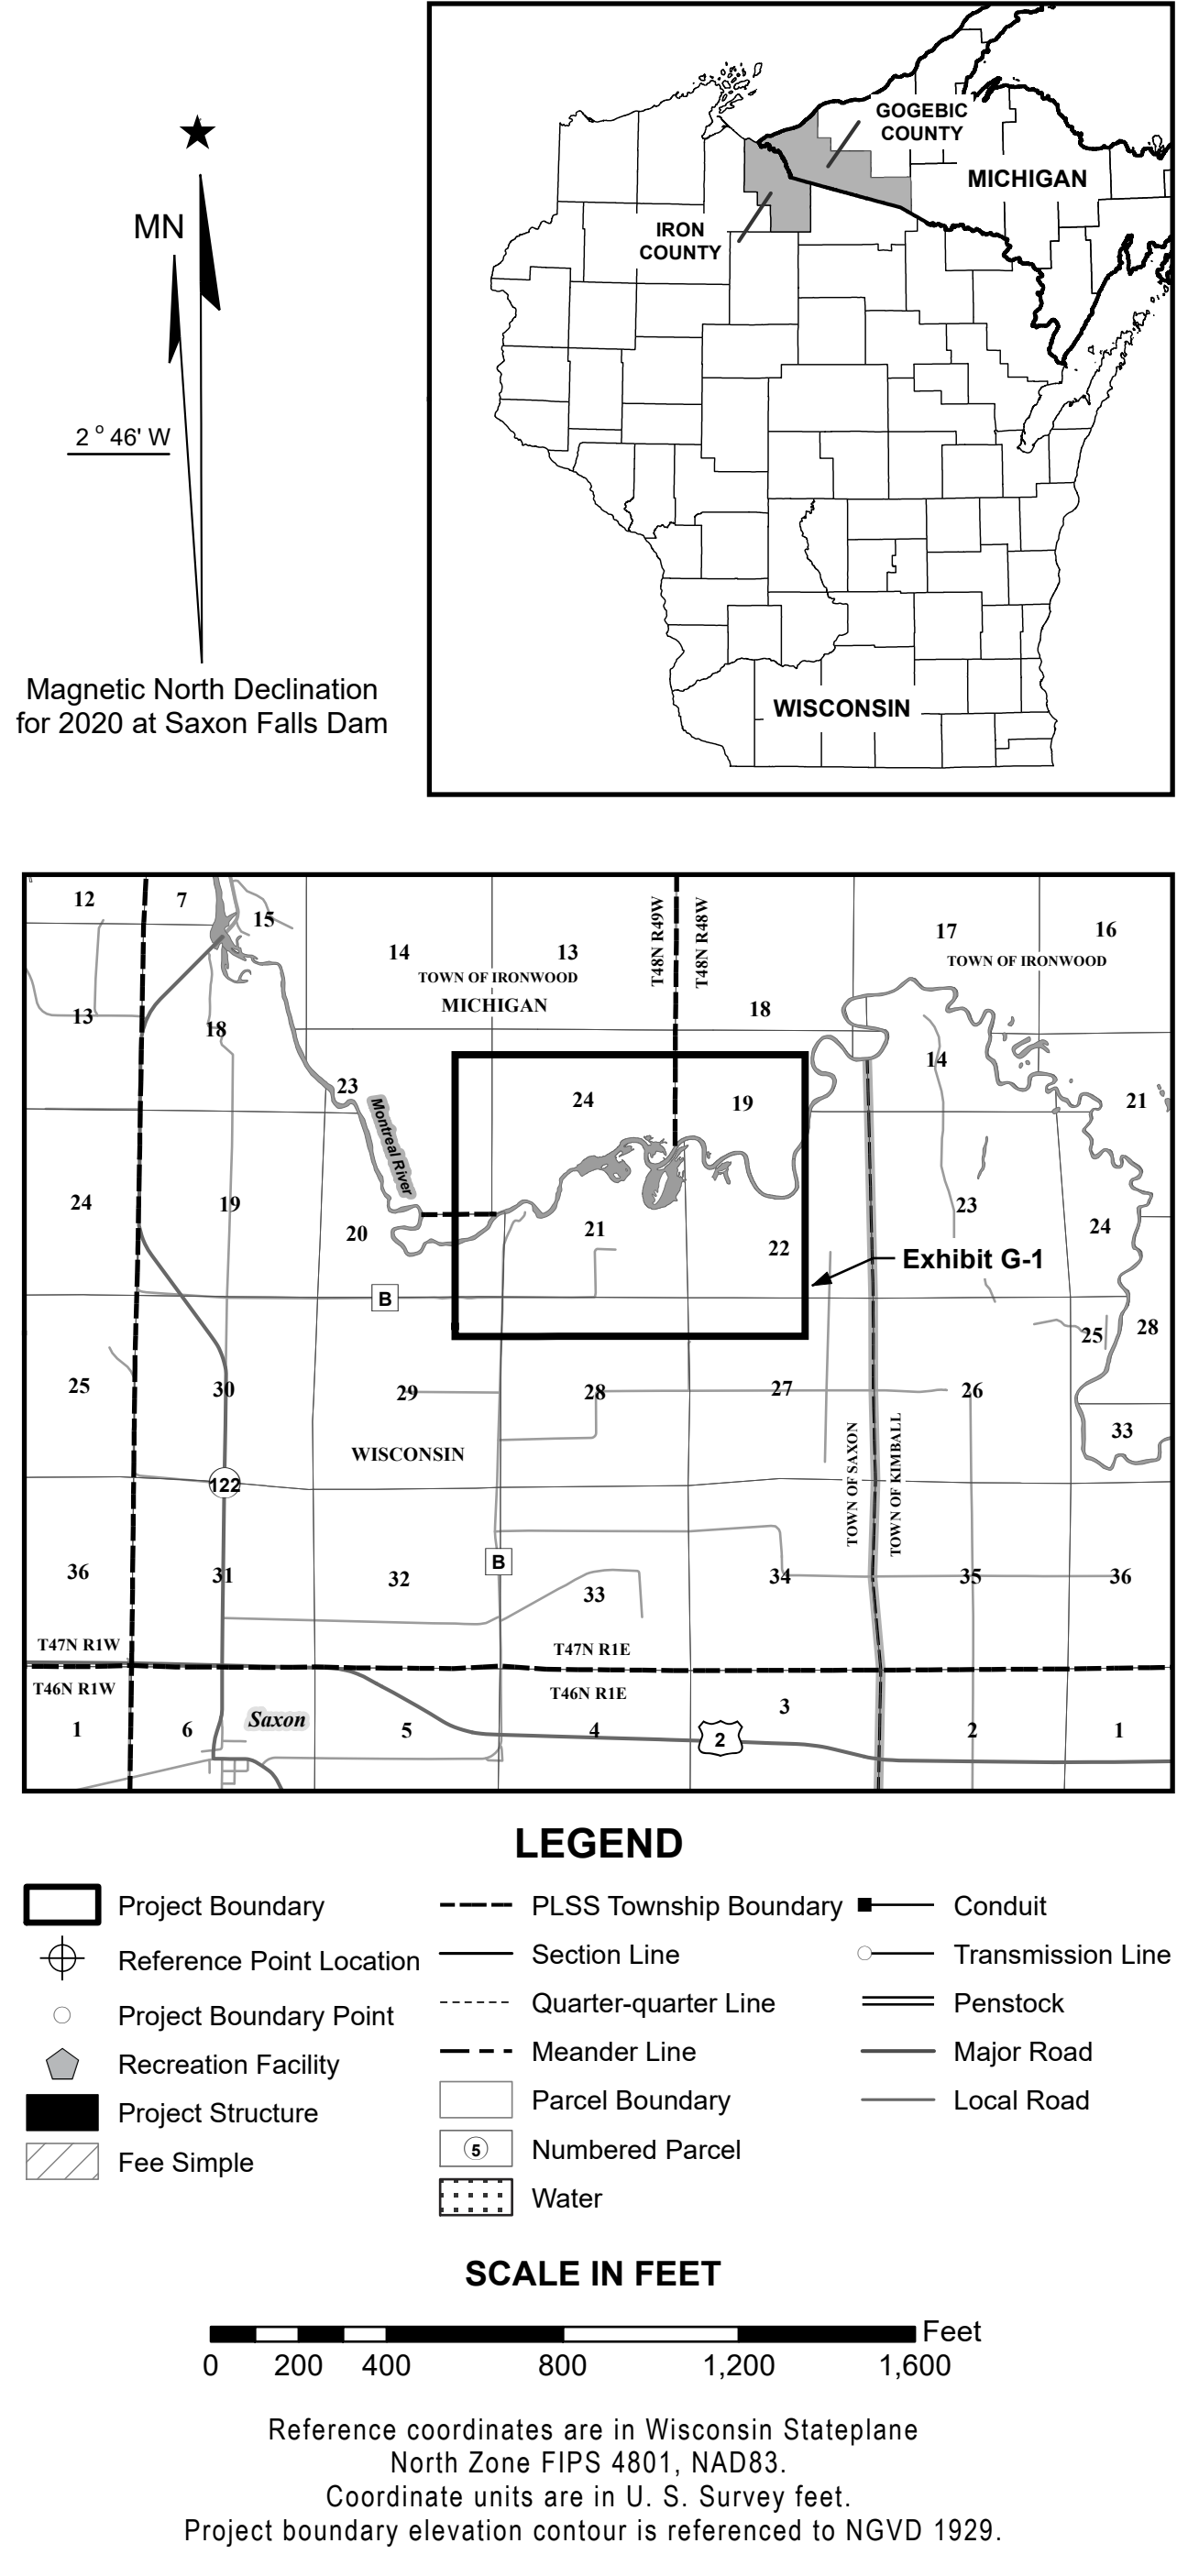

ALL PUBLIC ROADS AND ASSOCIATED RIGHTS-OF-WAYS ARE EXCLUDED FROM THE PROJECT.
